Quality Policy

It is the policy of our company:

- to work with our clients, consultants, subcontractors and authorities to achieve positive mutual outcomes
- to deliver our projects to clients on time and on budget
- to provide evidence where required on specific projects that all works have been constructed in accordance with the contract specified requirements and the Quality Management System
- to use the safest work methods available
- and to ensure environmental integrity is maintained

Our objectives are:

- to strive for continued improvement of service delivery and profit by continually reviewing and improving our processes
- have zero workplace accidents
- maintain or improve the environmental integrity of the areas we work in
- ensure our suppliers and subcontractors operate with the same objectives in mind

We will comply with the quality management system at all times and continually improve the effectiveness of the system.
